○ Index - Attached Material

1. Overview of operating results, etc.

(1) Overview of operating results for the three months

In the three months ended June 30, 2026, the Group strived to improve its business performance through aggressive sales activities in each business segment. As a result, operating revenue was 75,163 million yen (up 2,336 million yen, or 3.2%, year-on-year), operating profit was 13,128 million yen (up 168 million yen, or 1.3%, year-on-year), and ordinary profit, which was calculated by adding or subtracting non-operating income or expenses to or from operating profit, was 13,223 million yen (up 586 million yen, or 4.6%, year-on-year). Profit attributable to owners of parent, which is calculated by adding or subtracting extraordinary profit or loss to or from ordinary profit and deducting income taxes and profit attributable to non-controlling interests, was 9,355 million yen (up 1 million yen, or 0.0%, year-on-year).
The business performance by segment is as follows.

(i) Transportation
In the Railway business, revenue increased due to factors such as a fare revision, implemented by Keihan Electric Railway Co., Ltd. on October 1, 2025, despite the reactionary decline from the effect of Expo 2025 (Osaka, Kansai, Japan), which took place in the previous fiscal year.
In the Bus business, revenue decreased mainly due to the absence of revenue from visitor transport services for Expo 2025 (Osaka, Kansai, Japan) in the previous year.
As a result, overall operating revenue for the Transportation segment was 25,154 million yen (up 1,362 million yen, or 5.7%, year-on-year), and operating profit was 5,045 million yen (up 609 million yen, or 13.7%, year-on-year).

(ii) Real estate
In the Real estate sales business, revenue increased due to sales of properties such as “The FINE Tower NAGOYA IMAIKE” and “FINE Residence Kyoto Gojo Dori,” despite the absence of sales from condominiums such as “FINE Residence Takasaki Sayacho” that were recorded in the same period of the previous year.
In the Real estate leasing business, revenue increased due to factors such as contributions from “YODOYABASHI Station One,” which opened in the previous fiscal year.
As a result, overall operating revenue for the Real estate segment was 28,556 million yen (up 2,175 million yen, or 8.2%, year-on-year), and operating profit was 5,548 million yen (up 592 million yen, or 11.9%, year-on-year).

(iii) Retail distribution
In the Shopping mall management business, revenue increased mainly due to contributions from “YODOYABASHI Station One,” which opened in the previous year.
In the Store business as well, revenue increased mainly due to contributions from the “UNIQLO KANSAI AIRPORTS DEPARTURE AREA SHOP” which just opened in June 2026.
As a result, overall operating revenue for the Retail distribution segment was 13,764 million yen (up 60 million yen, or 0.4%, year-on-year), and operating profit was 708 million yen (up 176 million yen, or 33.3%, year-on-year).

(iv) Leisure & Service
In the Hotel business, revenue decreased due to factors such as the reactionary decline in the Osaka area from the effect of Expo 2025 (Osaka, Kansai, Japan), which took place in the previous year, and the effect of the Chinese government calling for its citizens to refrain from visiting Japan.
As a result, overall operating revenue for the Leisure & Service segment was 10,996 million yen (down 632 million yen, or 5.4%, year-on-year), and operating profit was 1,772 million yen (down 815 million yen, or 31.5%, year-on-year).

(v) Other businesses
In the Other businesses segment, operating revenue was 1,191 million yen (down 648 million yen, or 35.2%, year-on-year), and operating profit was 174 million yen (down 301 million yen, or 63.3%, year-on-year), primarily due to the absence of the strong member acquisition in the affiliated credit card business seen in the previous year.

(2) Overview of financial position for the three months

Total assets as of June 30, 2026, increased 32,642 million yen (3.6%) from the previous fiscal year-end to 942,188 million yen, mainly due to an increase in investment securities and land and buildings for sale despite a decrease in notes and accounts receivable - trade, and contract assets.

Liabilities rose 31,441 million yen (5.6%) from the previous fiscal year-end to 591,423 million yen, mainly due to an increase in interest-bearing debt, despite a decrease in accounts payable for construction contracts.

Net assets grew 1,201 million yen (0.3%) from the previous fiscal year-end to 350,764 million yen, mainly due to the recording of profit attributable to owners of parent and an increase in valuation difference on available-for-sale securities resulting from a rise in the market value of listed shareholdings, despite a decrease due to dividends of surplus.

(3) Explanation of consolidated earnings forecasts and other forward-looking statements

No changes have been made to the consolidated earnings forecasts for the six months ending September 30, 2026, and for the full year ending March 31, 2027, announced on May 12, 2026.
