(Correction) Notice of Correction to “Notice Regarding the Commencement of Tender Offer for Shares of Maruwn Corporation (Securities Code: 9067)” Due to Amendment to Terms and Conditions of Tender Offer (Extension of Tender Offer Period)

SENKO Group Holdings Co., Ltd. (the “Tender Offeror”) has commenced, from January 26, 2026, a tender offer (the “Tender Offer”) under the Financial Instruments and Exchange Act (Act No. 25 of 1948, as amended) for the common shares of Maruwn Corporation (Securities Code: 9067, the “Target Company”), a company listed on the Standard Market of the Tokyo Stock Exchange, Inc., as announced in the “Notice Regarding the Commencement of Tender Offer for Shares of Maruwn Corporation (Securities Code: 9067)” dated January 23, 2026 (the “Press Release dated January 23, 2026”).

The Tender Offeror confirmed on February 18, 2026, based on a report from Daiwa Securities Co. Ltd., the tender offer agent, that the aggregate number of share certificates, etc. tendered in the Tender Offer (as of 3:30 p.m. on the same day) reached 9,553,829 shares, which meets the minimum number of shares, 3,200,400 shares, to be purchased in the Tender Offer. Accordingly, the Tender Offeror announced such fact and decided to extend the tender offer period for the Tender Offer (the “Tender Offer Period”) until March 5, 2026, so as to secure 10 business days from the business day following February 18, 2026, thereby making the Tender Offer Period 27 business days. In connection therewith, the content of the Press Release dated January 23, 2026 will be amended as set forth below.

The amended portions are underlined.

For details of the Target Company's decision-making, please refer to the "Notice of Expression of Opinion in Support of, and Recommendation to Tender in, the Tender Offer for Shares of the Company by SENKO Group Holdings Co., Ltd." published by the Target Company today (the "Target Company Press Release dated January 23, 2026") and "(4) Measures to Ensure the Fairness of the Tender Offer, such as Measures to Ensure the Fairness of the Tender Offer Price and Measures to Avoid Conflicts of Interest" below.

Subsequently, on February 18, 2026, the Tender Offeror confirmed, based on a report from Daiwa Securities Co. Ltd., the tender offer agent, that the aggregate number of share certificates, etc. tendered in the Tender Offer (as of 3:30 p.m. on the same day) reached 9,553,829 shares, which meets the minimum number of shares, 3,200,400 shares, to be purchased in the Tender Offer. Accordingly, the Tender Offeror announced such fact and decided to extend the Tender Offer Period until March 5, 2026, thereby making the Tender Offer Period 27 business days, so as to secure 10 business days from the business day following the above announcement date (February 18, 2026).

(4) Measures to Ensure the Fairness of the Tender Offer, such as Measures to Ensure the Fairness of the Tender Offer Price and Measures to Avoid Conflicts of Interest

(Before Correction)

⑦ Measures to Secure Opportunities for Purchases by Other Purchasers

The Target Company has not entered into any agreement with the Tender Offeror that includes deal protection provisions prohibiting the Target Company from contacting competing acquirers or otherwise restricting competing acquirers from contacting the Target Company.

In addition, the Tender Offeror has set the Tender Offer Period at 20 business days; however, because approximately three months will elapse between the public announcement of the series of transaction terms and conditions, including the tender offer price, and the commencement of the Tender Offer, the Tender Offeror believes that opportunities for persons other than the Tender Offeror to purchase the Target Company Shares are ensured. The Tender Offeror plans that, if the aggregate number of share certificates, etc. tendered reaches 3,200,400 shares, which is the minimum number of shares to be purchased, during the Tender Offer Period, it will promptly announce such fact and extend the Tender Offer Period so as to secure 10 business days from the business day following the date of such announcement as the Tender Offer Period (provided, however, that if the aggregate number of share certificates, etc. tendered reaches the minimum number of shares to be purchased within 10 business days from the commencement date of the Tender Offer Period, the Tender Offer Period will not be extended because 10 business days from the business day following the date of such announcement to the last day of the Tender Offer Period are already secured). Through this, the Tender Offeror intends to enable the Target Company's shareholders to separate (i) the expression of their intention (for or against) regarding the desirability of this transaction and (ii) the expression of their intention as to whether or not to tender in the Tender Offer, thereby mitigating the coerciveness of the Tender Offer.

⑧ Setting of Conditions Intended to Mitigate Coerciveness

As described in "(1) Outline of the Tender Offer," the Tender Offeror has set 3,200,400 shares (ownership ratio: 50.10%) as the minimum number of shares to be purchased in the Tender Offer, and (i) if the total number of share certificates, etc. tendered in the Tender Offer does not reach the minimum number of shares to be purchased, none of the share certificates, etc. tendered will be purchased; however, (ii) if the aggregate number of share certificates, etc. tendered reaches 3,200,400 shares, which is the minimum number of shares to be purchased, during the Tender Offer Period, the Tender Offeror plans to promptly announce such fact and extend the Tender Offer Period so as to secure 10 business days from the business day following the date of such announcement as the Tender Offer Period (provided, however, that if the aggregate number of share certificates, etc. tendered reaches 3,200,400 shares, which is the minimum number of shares to be purchased, within 10 business days from the commencement date of the Tender Offer Period, the Tender Offer Period will not be extended because 10 business days from the business day

following the date of such announcement to the last day of the Tender Offer Period are already secured). This allows the Target Company's shareholders to separate (i) the expression of their intention (for or against) regarding the desirability of this transaction and (ii) the expression of their intention as to whether or not to tender in the Tender Offer. In addition, if the Tender Offer is successfully completed, the Tender Offeror plans to implement the squeeze-out procedures regardless of the tender offer results. Further, if the Tender Offer is successfully completed, the Tender Offeror will not change its policy of taking the Target Company private regardless of the expected timing thereof. Through the above mechanism and policy, the Tender Offeror intends to mitigate coerciveness and believes that it can provide an opportunity for more Target Company shareholders to tender.
