Announcement of IR Video Release

On Tuesday, March 31, ibis inc. released an "IR Video" introducing our company's business activities and growth strategies.

The video aims to provide a clear understanding not only for investors interested in our company but also for those who are learning about our company for the first time. In the video, Eiji Kamiya, Chief Executive Officer, explains our company's current business conditions, strengths, business model, and future growth strategies.

Please access the video through the following channels:
