Notice of Resumption of Operation of Karumai West Solar Power Plant

RENOVA, Inc. (hereinafter "RENOVA") announces that Karumai West Solar Power Plant, which is owned by its consolidated subsidiary, Karumai West Solar G.K., resumed normal operation on July 1, 2026 as planned, upon completion of the repair work, which had been conducted since the suspension of operation on April 22, 2026, due to a defect identified in the power receiving and transforming equipment.

Although the suspension of operation causes a decrease in revenue, it is expected that the loss will be covered by profit insurance and the impact on the financial results for the current fiscal year (ending March 31, 2027) is minor. This impact has already been reflected in the consolidated financial results forecast for the current fiscal year (ending March 31, 2027) announced on May 13, 2026.

RENOVA will promptly disclose any other matters that should be announced as and when they arise.
