HOKKAIDO GAS CO., LTD. (the “Company”) hereby announces that it has decided to revise the forecast for dividends of surplus with a record date of March 31, 2026, which was announced on October 31, 2025, as described below. This matter is scheduled to be approved at a meeting of the Board of Directors to be held on May 25, 2026, following an audit by the Accounting Auditor and the Board of Corporate Auditors of the financial statements for the fiscal year under review.

### 1. Details of revision

Previous forecasts		¥11.50	¥23.00
Revised forecasts		¥13.00	¥24.50
Actual results for the current fiscal year	¥11.50		
Actual results for the previous fiscal year (Fiscal year ended March 31, 2025)	¥9.00	¥10.00	¥19.00

\* The Company conducted a 5-for-1 stock split with an effective date of October 1, 2024. The figures for the actual results for the previous fiscal year are the adjusted dividends per share.

### 2. Reasons

With a view to providing continuous and stable dividends, and based on a dividend policy that aims for a DOE (consolidated dividend on equity ratio) of 2.5% while maintaining progressive dividends as our basic stance, we have decided to revise our year-end dividend forecast upward by ¥1.50 from the previous forecast of ¥11.50 per share to ¥13.00 per share, taking into account our solid business performance driven by factors such as sales volume expansion.
