

**(Update of Disclosed Matters) Change to Completion Timing**  
**for the Acquisition of Shares of Consolidated Subsidiary**  
**LINE MAN CORPORATION PTE. LTD.**

SoftBank Group Corp. ("SBG") announces that a change has been made to the completion timing of the additional acquisition of shares (the "Additional Acquisition") of LINE MAN CORPORATION PTE. LTD. ("LMWN") by LY Corporation ("LY"), a consolidated subsidiary of SBG, through a subsidiary of LY. The Additional Acquisition was previously disclosed in the "Change in Specified Subsidiary" dated September 11, 2025 ("Notice Dated September 11, 2025") and the "(Update of Disclosed Matters) Status of Obtaining Approvals and Permits from Relevant Authorities in Thailand for the Acquisition of Shares of Consolidated Subsidiary LINE MAN CORPORATION PTE. LTD. and Future Outlook" dated May 27, 2026 ("Notice Dated May 27, 2026"). Details are as follows.

**1. Change to the completion timing of the Additional Acquisition**

Of the transactions comprising the Additional Acquisition described in (Note 8) under "4. Number of shares, etc. held before and after the change" in the Notice Dated September 11, 2025, the following transaction through LINE SOUTHEAST ASIA CORP. PTE. LTD. ("LSEA") had been scheduled for completion within August 2026, as stated in the Notice Dated May 27, 2026: (iii) a capital increase in LMWN involving the acquisition of 12,428,298 new shares for USD 130 million. However, as additional time is required for coordination among the contracting parties toward the execution of agreements related to the capital increase, the capital increase has been rescheduled for completion by the end of October 2026.

As disclosed in the Notice Dated September 11, 2025, LY consolidated LMWN as a subsidiary on September 30, 2025. In addition, of the transactions comprising the Additional Acquisition described in (Note 8) under "4. Number of shares, etc. held before and after the change" in the Notice Dated September 11, 2025, the following transactions through LSEA have been completed as of the date of this disclosure: (i) the additional acquisition of 3,732,460 shares in LMWN from Apfarm for USD 39 million, and (ii) the acquisition of 4,780,115 shares in LMWN from Commercial Alliance L.P. for USD 50 million.

**2. Future outlook**

As LMWN is already a consolidated subsidiary of LY, the impact of the change to the completion timing of the Additional Acquisition on SBG's consolidated financial results for the current fiscal year is expected to be minimal.

### **3. Other reference information**

Upon completion of the capital increase described in (iii), involving the acquisition of 12,428,298 new shares for USD 130 million, the number of LMWN shares indirectly held by SBG and the ratio of voting rights are expected to be as follows.

(1) Number of LMWN shares indirectly held: 85,344,082 (Note 1)

(2) Ratio of voting rights: 64.0% (Note 2)

(Note 1) Includes 4,374,971 shares of LMWN already acquired from LMWN officers and employees outside of the Additional Acquisition (indirectly held by SBG). Please note that this number has increased from the number of shares stated in (Note 1) under "3. Other reference information" in the Notice Dated May 27, 2026.

(Note 2) The figure is calculated based on the total number of voting rights as of July 31, 2026, combined with the voting rights associated with the shares to be issued through the capital increase described in (iii) of (Note 8) under "4. Number of shares, etc. held before and after the change" in the Notice Dated September 11, 2025.
