(Progress of a Disclosed Matter) Impact of the 2026 Kumamoto Earthquake: Recovery Outlook for the Kumamoto Plant of Sanwa Kagaku Kenkyusho Co., Ltd.

We would like to express our deepest condolences to the families of those who lost their lives in the 2026 Kumamoto Earthquake that occurred on July 28, 2026. We also extend our sincere sympathies to all those affected by the disaster.
As announced in our disclosure "Impact of the 2026 Kumamoto Earthquake on the Suzuken Group"* dated July 30, 2026, the Kumamoto Plant of our subsidiary Sanwa Kagaku Kenkyusho Co., Ltd. (hereinafter, "SKK") sustained damage to part of its buildings and manufacturing facilities as a result of the earthquake and has suspended operations. We hereby announce that the recovery is now expected to require the period set out below.
* Details of the timely disclosure dated July 30, 2026: https://ssl4.eir-parts.net/doc/9987/ir_material7/283235/00.pdf

1. Main Damage, etc.

Location: 2100-1 Urugogawa, Iwakoso-machi, Uto City, Kumamoto Prefecture — Kumamoto Plant, Sanwa Kagaku Kenkyusho Co., Ltd.
Main damage: The earthquake caused damage primarily to water-supply utility facilities (mainly water storage tanks, piping, etc.). As a result, various measures compliant with Good Manufacturing Practice (GMP) are required to repair the facilities and to resume operations and manufacturing.

2. Recovery Outlook

Since the earthquake, we have been carrying out recovery efforts and developing detailed plans. The outlook for the recovery work and its schedule has now become clear, and recovery and the resumption of operations are currently scheduled for around late October 2026.
Sufficient inventory of SKK's products has been secured for the above period, and we believe that any immediate supply concerns can be avoided. We deeply apologize for the significant inconvenience and concern caused, and we will continue to make every effort to restore product supply at the earliest possible date.

3. Impact on Results for the Current Fiscal Year

Owing to the suspension of operations and the recovery costs incurred, a decline in net sales and declines in profit at various levels are expected, mainly in the non-consolidated results of SKK. Although it is still expected to take time to finalize the ultimate impact, at this point we do not anticipate any material impact on our consolidated results.
Going forward, we will address this matter appropriately in the consolidated financial results for the fiscal year ending March 31, 2027, and we will promptly announce any matters that should be disclosed.
